ibn Kalidi el Kudsi

HAIFA.

German Colony no.55.

Mr.

George Lincoln Rockwell ARLINGTON.

First of all: Who I am.

My full name is: Mohamed Mahmud ibn Kalidi al Kudsi.
I am the president of the Palestine National Movement of the Islamic Religion, President of the Arab Properties remained here, President of the Arab Refugee Movement.

I write to you the following true situation:

You are the leader of the National-Socialist American Movemnt with clearly antisemitic, or better said, anti-Jewish, anti-Zionistic lines. But this a very wrong line, regarding to the Arab question. Because - and this is true - the immigration of Jewish to Palestine since the earnest begginning of your action, of the action in England by Mr. Jordan, the actions in Germany a year ago by „Hakenkreuze" paintings is very high. If there would not be any anti-Jewish movement, (but this is, sorry to say, now for you, for Mr. Collin Jordan and the others impossible) so it would not be any immigration to Palestine. Moreover all the very rich Jewish people transferred their money from America etc. (Argentina) here, about our estimation 1,500,000.000 Dollar and build here immense Hotels, Industries, other discret factories and so you are doing by your antisemitic movement immens harm to us Arabs! Imens harm, I repeat this! We are here very, very angry about every news of your antisemitic, antijewish new moves and actions and your proposed Congress or Symposion next year in Argentina will do us Arabs again an immense blow by new Jewish immigration here. We are already now very angry about this your new action!

I think, you understand our standpoint and that this is true.

You must yourself say: If a thread is in America, Argentina etc. to the Jews, if they feel that the soil is burning, they immigrate. And where:? To Palestina. The new immigrants from America, Argentina etc. are till now ca. 1,300.000 men.

Yours sincerely

15th-12-1962

Kalidi

AN OPEN LETTER TO THE ARABS

This will acknowledge receipt of your letter of December 15, 1962 from Haifa, Israel.

Your report that our World Union of National Socialists movement is causing huge numbers of Jews and their money to move to Israel, and your complaint about this is so important that I am republishing your letter all over the world and especially addressing a copy along with a copy of my reply to Col. Nasser.

I recognize your uncomfortable position as an Arab "prisoner" in the criminal state of Israel. I also recognize your responsibilities as president of the Islamic movement in Palestine, president of the Arab Refugee movement, and president of the Arab properties remaining in Israel.

As you must know, my heart goes out to you and your fellow Arabs as I see to what low degradation and misery you have been brought by the Jewish bandits and murderers.

In short, I can thoroughly understand why you would suffer because of the success of our exposures and attacks against Jewish-Zionist-Communist criminal traitors all over the world.

But at the same time, I must deplore your short-sightedness, which, in this case, gives almost criminal aid and comfort to the Jew enemies of all of us.

Your plea that we stop fighting the Jews here and in other countries because they are all running to Israel and making life harder for you, reminds me of the old fable about the dragon which took possession of a whole town. Nobody dared fight the dragon, even though it was tearing up the town and devouring the citizens, because everybody said that if someone tried to fight the dragon, the beast would only become enraged and eat MORE people and thus bring more misery to the town. Of course, this kind of reasoning is always based on the most cowardly kind of defeatism. Such "reasoning" always overlooks the possibility that it might just be POSSIBLE to KILL the dragon--even if the attempt makes the dragon mad.

Every slave in the world remains a slave only because he rationalizes that any attempt to throw off his chains would only enrage the master and make his situation worse.

Of all peoples on this earth, the Arabs should be the first to recognize the vile and criminal nature of not only the state of Israel and its bandit leaders, but the dragon-like nature of the Jewish enemy-within in all of our countries.

These Jewish-Communist-Race-mixing Zionist enemies of all mankind are literally destroying western civilization and especially my kind of people. Your reasoning is utterly short-sighted and, I am sorry to add, cowardly.

Are you so blind that you cannot see that Israel came into existence and survives ONLY BECAUSE IT IS RUTHLESSLY BACKED BY THE UNITED STATES OF AMERICA? (You must remember that it is not the will of the American people to do this, but the fanatical and burning will of a tiny minority of Jewish criminals here who care nothing for the good of America and our people but cynically USE the entire population, all our media of public information and entertainment, our military might, and their enormous bags of gold to serve their criminal Jewish purposes alone.)

If your more than a million Arab countrymen who were criminally turned out of their homes of over 2,000 years by the Israeli gangsters are EVER to win any justice at all, it will be ONLY because the gangster state of Israel looses the support of this mighty United States of America.

When this happens, as it WILL happen about 1973 when we succeed in gaining power here, "Israel" will disappear like a nightmare in the sunshine! No matter how many million Jews crawl to Israel as we continue to grow in power and influence and no matter how miserable this horde of Jews makes you temporarily, surely you can see that it will be well worth it when we can rip the U.S. support out from under these assassins and international criminals!

I wonder what you thought to achieve by writing your letter.

Did you imagine that I would abandon my fight for my people because some of your people are in bondage to the enemy?

It is not only you Arabs who suffer today under the yoke and the lash of the criminal Zionist-Communist-International Jew conspiracy. MILLIONS

of human beings all over this seething globe are the wretched prisoners and slaves of these same Jews! Even here in America, millions of my fellow countrymen live in daily terror of these "peace loving," "brotherhood" fakers. The Jews here are buying up our real estate and our businesses and expropriating us as they did to you in Palestine and as they did in Germany before WW II.

Jew Communist traitors, like Soblen, the Rosenbergs, etc., are selling us out year after year to the Soviet enemy. Ugly and ruthless Jews are flooding our professions and utterly crowding out native Americans. Our three television networks are headed by more of these Jews and they use this enormous power to pump lies into our people until their minds are helpless pulp, soaked full of Jewish sewage. Jewish-Communist race agitaters are setting the white and black people at each other's throats and utterly destroying our culture and our traditions.

I could go on and on, and document minutely every single charge.

Do you honestly think that we should continue to permit this rape of our people, our nation, our culture and our race--just because it is scaring millions of Jew rats into Israel? I would indeed be a faithless, disloyal and miserable wretch if I abandoned our bloody battle just because they have put so many of us in jail--including me--beaten us, starved us, sent us to the insane asylum, lied about us, and forced us to live almost like animals in daily fear of our lives. Do you imagine that I would abandon the battle and run away from my duty because you write me that we are SUCCEEDING—succeeding fabulously?

The Jews here are doing their utmost to pretend that we are nothing but lunatics and crackpots. We are never discussed on the hundreds and hundreds of national television "controversial" programs, nor is there anything but incidental mention of us in any of the big national magazines so far. Our progress and technique, nevertheless, have been so astonishingly successful that you write me begging me to desist because so many millions of Jews are DEMONSTRATING by their ACTIONS that they KNOW we are succeeding and will succeed.

Every year, Col. Nasser very courteously sends me a personal Christmas card and yet, when I go to his embassy to discuss our common problem of the Jews, he has it announced in the press that I will be "bodily thrown out"!

You write begging me to quit fighting the Jews who, you admit, have robbed and raped your people.

In the name of reason and sanity, how can you gentlemen propose to lead your people out of bondage to the Jews if you will not only not fight them but you try to get other people not to fight and expose them--and even insult your allies?

Perhaps it will reassure you to know that you are not alone in your negative and short-sighted position.

Most of the "right-wing" "leaders" over here, who are just as aware of the criminal Jewish-Communist-Zionist conspiracy as you and I, instead of fighting the Jew criminals, are blasting away at ME and even wailing that I am "working for the Jews," in hopes that they will thus win the love of the Jews or at least a brief respite from the ferocious attack of the Jewish beast!

Five years ago, I started this fight against Jewish treason, subversion and criminal aggression ALL ALONE!

Since then, without money, without my family, without friends, and against the hostility of what seemed the whole world, I have systematically built up a fanatical fighting force which has caused you, all the way over there in Israel, to wail and moan that I am frightening millions of Jews out of America and into Israel!

Daily we grow stronger and better organized. We have beaten every single rotten attack by the Jewish bullies and liars--even though many of us are in jails and hospitals and I know more will go. BUT WE ARE NOW ORGANIZED ON A WORLD-WIDE SCALE AND NOTHING CAN STOP US.

We have been scientifically following a carefully prepared time-table and are well ahead of schedule. If you will steel yourself to the same iron hardness often shown by your people--and by the great Col. Nasser in his fight to liberate the Arab people, I can promise you freedom and vengence in 1973.

The moment we have won national power here, this government will be the most anti-Israel government in the world, I assure you.

Our movement is spreading and growing like wild fire IN EVERY COUNTRY ON THIS EARTH!

Throughout all history, after the Jews have raped and pillaged a people enough, those people have always arisen in rightous wrath and the Jews have had to run for their lives.

Now, Sir, you tell me where these Jew rats are going to run THIS TIME.

Heil Hitler!

American Nazi Party of the
World Union of National Socialists

THE NEW STRASSERISM

A book review by Major Karl R. Allen, Deputy Commander, American Nazi Party

IMPERIUM, The Philosophy of History and Politics, by Francis Parker Yockey, published by The Truth Seeker Company, 38 Park Row, New York 8, New York, $5.00.

It's hard to condemn a book the Jews don't like. It's even harder to condemn a book which takes Adolf Hitler's theory of the organic nature of states and expands it to cover entire cultures, or civilizations. Both of these are true of IMPERIUM, a book strangely resurrected at this particular time, just as the American Nazi Party is forcing itself into the political consciousness of the nation--and of the world.

But there is danger in IMPERIUM, and we must condemn it.

First, let me say that we do NOT recommend that the book be boycotted or banned. The Jews, who have had more experience at book burning, can do a much better job than we could, even if we wanted to. Jew James H. Sheldon, administrative chairman of the Anti-Nazi League, in the American Examiner (New York's "Fastest Growing Jewish Family Weekly"), has already put out the word to the Kosher censors in the issue of January 24, 1963. His biggest complaint is that Yockey, who was selected to serve on the Nurnberg "War Crimes" investigating staff, was not sold on the "Six Million Dead Jews" myth--and that Yockey even went so far as to say that, although the Big Lie has been effectively foisted on the more gullible American public, it is "simply disgusting to discriminating Europeans." No, we couldn't boycott ANY BOOK that tells the truth about the Six Million.

In fact, we recommend everyone read it. Ninety per cent of IMPERIUM is rewarding reading. It is well written, well printed, well bound and well worth the price to anyone interested in history, philosophy, political science, or even the future of our Race and culture. HOWEVER, IMPERIUM must be read with caution and with forewarning. The dangers are: (1) a subtle anti-Americanism; (2) complete naivete of the Jews' modus operandi; (3) the development of a Yockey "cult" to divert burgeoning American nationalism away from the guiding ideals of National Socialism (the only EXISTING political philosophy which will provide the cure indicated by Yockey's diagnosis), and perhaps even into an off-brand type of "anti-Semitic communism."

Even the book's enigmatic "patron saint" and Introduction writer, W. A. Carto, feels compelled to insert a "clarifying word" in explaining Yockey's anti-Americanism. He denies it, of course, since, if he believed it to be true, he could never reconcile Yockey with his (Carto's) work as coordinator of Liberty Lobby, a patriotic "pressure group," with offices on Dupont Circle, here in Washington. Mr. Carto appears to be sincere--or at least, sincerely duped. His Introduction clearly indicates that he is familiar with Yockey's other writings, as well as his "travels," acquaintances, etc. One must wonder, then, how a man so familiar with Yockey's background could become personally entranced with the man and with his works (he even seems to brag about the fact that Yockey was "captured" by the FBI in the home of an ex-Auschwitz rabbi). His bleeding-heart description of the "hounding" and "persecution" of Yockey in "a pattern which has since become obvious anti-Communists in all parts of the United States, especially in the South," is unrealistic.

A man in Carto's position should know the FBI better. Just as honest patriots such as the late Joseph McCarthy have so righteously asked the question, "Why should an honest man take the Fifth Amendment, or refuse to sign a loyalty oath?", so we might ask, "Why should an honest man object to the FBI inquiring about his activities?" So far, at least, the FBI has not been able to exceed its Constitutional limitations. Violations (whether the FBI or others) can be remedied in the courts, as the American Nazi Party has demonstrated time and again--provided, of course, the defendant is on sound legal grounds to begin with. If he isn't, then he hardly has a justified complaint.

Mr. Carto and his kind (without their permission, I'm sure!) might be compared to Gregor Strasser, a loyal National Socialist under Hitler, who was gradually weaned away by his more flamboyant and ideologically-distorted brother, Otto (Yockey). Mr. Carto and his right wingers will be horrified by this comparison just as Yockey was horrified even to mention the words Nazi or Hitler in the entire book. (Can you imagine a book dealing primarily with World War II, which doesn't once mention the name Adolf Hitler!!!) But the comparison is almost unavoidable. Strangely enough, just as Otto Strasser with his Black Front in Berlin attempted to wrest control of the Party away from Hitler and divert it into his own "National Communism," or "anti-Semitic Communism," so Yockey seems to describe a deplorable world situation which ONLY NATIONAL SO-

CIALISM IN ITS PUREST FORM can ever resolve.

BUT HE THEN POINTS TO ANOTHER SOLUTION! There couldn't be a better gimmick for suddenly siphoning off the mounting interest in an authoritarian republican government in this country--and away from the only organized, disciplined, inspiredly-led authoritarian movement in America today--the American Nazi Party. If this has occurred accidentally, or were just an ideological difference, we would welcome the challenge and enjoy, thrive on and be strengthened by the struggle. But indications are that the distorting movement is deliberate, and meshes too smoothly into other information in our hands. (Right now, for example, Otto Strasser is preparing in Munich a massive "hate-volume" designed to discredit completely all ideologically pure National Socialist and/or Fascist organizations throughout the world, including the American Nazi Party.)

To begin with, although the entire book, IMPERIUM, denounces Jews (he calls them "Culture-distorters"), he seems to feel that their mischief, that they just "can't help themselves." He pictures them as little cancer cells who just suddenly found themselves eating away their host's body, and seem compell compelled by forces beyond their control to continue devouring even though they, too, see that they must eventually perish when the the cadaver is comsumed. There is some truth in this--especially regarding the "little Jews," who seem to react uniformly (after generations of conditioning), just as a flock of birds in flight all seem to respond to the same stimulus and change course simultaneously.

But, although he himself was apparently a victim of it, Yockey not once condemns the persistent, deliberate, calculated conniving or organized Jewry and its learned leaders to destroy Western culture and its vessel, the White Race. He especially seems unaware of Communism as one of their primary tools. He might even accept it as a legitimate philosophy if it were separated from the "Cultural-distorters." Evidence is that he would, indeed.

Here is the greatest danger of IMPERIUM.

Although IMPERIUM, itself (with minor exceptions), is not contradictory to National Socialism--in fact, it emphasizes the organic nature of society, racial exclusiveness, authoritarianism, cultural purity, the leadership principle, and other tenets of Nazism. To this extent it can befuddle the uninitiated and lead him astray. It can, in fact, precondition him for the Yockey "cult." This cult would then introduce him to the other stages of Yockeyism, as exemplified in Yockey's other writings--one example being, " World in Flames."

This interesting pamphlet, published by Polzin Publications of Parkesburg, Pennsylvania, suggests, among other things, that Russia, and not the United States may be the "new blood" which will revive Europe from its cultural degeneration. He cites the "fact" of increasing anti-Semitism in Russia to support his viewpoint. He thus falls in line with the Russian "anti-Semitism" hoax already completely unmasked in previous ROCKWELL REPORTS, and being pushed so strongly right now by such liberal pbulications as Look, Post, New York Times, etc. He suggests further, that the ONLY salvation from America's present degeneracy, is a thorough purge, BY TOTAL MILITARY DEFEAT AT THE HANDS OF THE SOVIET UNION! Elsewhere he suggests that Red China should be admitted to the United Nations, and that Castro, Tito and Nkrumah are world heroes.

This seeming paradox is partly explained by the fact that Polzin Publications is operated by Frederick Charles Weiss, who has been denounced by James Madole and others as a stooge of the ADL. We have seen a signed affidavit from DeWest Hooker of New York City, stating that he was approached by Mr. Weiss in a restaurant near Carnegie Hall, with the proposal that he (Hooker) start a Neo-Nazi organization. West was assured of financial backing from Jewish sources, PROVIDED he would advocate dictatorship, and spout the doctrine of Russian anti-Semitism. Weiss is also associated with H. Keith Thompson, another "Neo-Nazi" who strangely is now writing anti-right-wing articles for the Jew Lyle Stuart's magazine, "The Independent." Weiss, himself--to the best of our knowledge--is not a Jew. He appears to be an alien (German) living in constant fear of being deported by the Jew-infested Immigration service.

Strasser-ism has been resurrected under a new banner, to mislead and deflect the growing strength of National Socialism. The same old trouble-maker, Strasser himself, observes all this from Munich, haunted by the force he once almost wrecked, but encouraged by his new disciples. Strasser-ism may give way to Yockey-ism, but the spirit is the same.

Its fate will be the same, too.
